Quotes for the Week

These ten rules have been a vital part of any “success” I have experienced in life. The Ten Commandments have helped me build a wonderful relationship with my great Creator God and Savior, as well as with my beautiful partner for life, Vonette. Obeying these laws has enabled me to be a **godly father** to our two sons. God’s Laws have guided me as I have directed a fruitful international ministry for five decades. I can recommend no other way of living and serving God.

Bright, B. (2001). Written by the hand of God (p. 21). Orlando, FL: NewLife Publications.

Many Christians are raised in homes where there is no real spiritual leadership. Whether the father was passive, apathetic, domineering, or flat-out opposed to God, his children were raised without a **godly father**. It’s up to the Christian guys who came out of these households to change the course of their family’s future generations. Just one man can change the entire family tree from that point forward. If his parents are still alive, he can even lead them to Christ through the gospel. God can use him to completely change everything.
